Runoff Election Is Between Ellis And Thiebaud Tuesday

Approximately 400 voters got in between 4:30 p. m. and closing time last Tuesday to bring the total vote up to 761, or slightly over 50% of the qualified voters in Belle Glade in a three cornered race for Commissioner to fill the term of Mayor Harold Rabin, resigned.

Gene Ellis, 23-year old Manager of the Glades Machine Corporation led Bill Thiebaud, Real Estate and Insurance man by 43 votes, in a 332 to 289 vote.

Bill Young, Oil distributor received 128 votes, in a race that was marked by lack of campaigning on his part. A majority of the time during race Colonel Bill was at school at Ft. McPherson, Ga., in a staff school for reserve officers.

Ellis and Theibaud have left no stones unturned in their campaigning, where a legitimate vote was found, and they are expected to be no less arduous during this week.

Any unkissed babies or controversial opinions on City Managers not heretofore taken care of are subject to earnest and immediate attention.

Some "old folks" in the City as well as these two younguns may well learn a lesson in the "birds and bees" of City politics as a result of this election, for the Mayor's job, undoubtedly, will be one of the first considerations of the newly constituted City Commission.

Cocky Carlton, Acting Mayor, since Harold Rabin's resignation, will naturally be considered, and there must be three other folks who would not refuse the job.

There's a "wild hair" prodding some folks for action "after next Tuesday" and we may well be in for some interest in City affairs along with our Spring Crop, whichever way it goes.

Visiting Minister To Speak At Lake Harbor

Rev. Russell Miller, visiting Baptist Preacher from Trenton, N. J., will occupy the pulpit both services Sunday, at the Lake Harbor Baptist Church. Following the evening service, he will show a religious film, "The Miracle", produced by Bob Jones University of Greenville, S. C., of which Rev. and Mrs. Harllee are a l u m n i. Rev. Miller and his wife are with the "Cathedral Caravan", which is doing missionary work among the migrant workers. The public is invited.

Garden Club To Meet March 10

The Belle G l a d e Garden Club will hold their regular meeting at the Community Club House March 10 at 2:30 p. m. The program will be by the Junior Garden Club members, with Mrs. John Robinson, chairman.

Mrs. George Wedgworth will be chairman of the plant sale and contests will be on Specimen, Snapdragon; Arrangement in cup and saucer.

Hostesses Mrs. James Spance, Mrs. Donald Kirchman, Mrs. C. A. Bailey, Mrs. E. A. McCabe, Mrs. Cliff Greene and Miss Margaret West.

Coffee Hour?

The local Chamber of Commerce has instituted a "Coffee Hour? at ten each Tuesday when all members and those interested in civic progress are invited.

Free doughnuts and coffee (with sugar) is available and it is the hope of the idea that suggestions and discussions of community projects will result in material help to the Community.

Come on over Tuesday a. m. at ten, listen, or indulge, invent and promote!

Belle Glade Night At PB Kennel Club Endorsed By C Of C

The local Chamber of Commerce accepted an invitation of the Palm Beach Kennel Club to participate in Belle Glade night, Friday, April 1st, when City officials and local civic leaders will be invited. A Harvest Queen and attendants will be enthroned and products of the Glades will be displayed and given away. A motorcade from Belle Glade is a part of the planned event.

The local Chamber will cooperate with the Pahokee Chamber in maintaining a harvest

BIG OLE POPPA BASS — Vern Oglesby, enthusiastic fisherman and winter visitor from Decatur, Ill., glows with pride as he displays the 9 lb. 1 oz. large mouth black bass which he hooked with a Johnson Spoon on Lake Okeechobee out of Slim's Fishing Camp, recently. The big fish measured 25 inches in length and 17 inches in girth. Mr. Oglesby who was alone when he caught the whopper said, "I lived a thousand years in the five minutes it took to land him as the boat was drifting and hard to handle, and when I had him safely in the boat I headed for camp to show my prize". The bass is thought to be the largest caught in several years, in this vicinity, and was entered in the Atlantic Contest at West Palm Beach. A fisherman with considerable experience Mr. Oglesby won two weekly prizes, two reels, in the contest sponsored last year by the Jaycees and the Chamber of Commerce, and placed third in the final contest winning a tackle box.

New City Manager Studying His Job

Mr. C. E. Robinson, former City Manager for six years of Fairfield, Me., and now to be saddled with the Belle Glade job, has arrived and is spending all his waking hours studying local conditions and making ready to take over actively next week.

With 23 years experience in city administration, this 52-year-old newcomer, spent 13 of those years as City Selectman, or Commissioner, in addition to ten years active managerial work.

Mrs. Robinson and three-year-old daughter live in Lakeland as the owner and operator of a Mobile Home Court. One daughter is teaching school in the Connecticut public system.

The new City Manager, visited Belle Glade while on a Christmas vacation with his family in Lakeland, and learning of the opening made application and was hired during January.

Following the organization of the new Commission, after the Tuesday election, Mr. Robinson expects to take over.

Teenagers Furnish Weekend Mix-up In Own Crime Wave

With seven local business establishments reporting breaking and entering Saturday, Sunday and Monday nights, the Belle Glade Police were frantic in their search for the "big time" hoodlums who seemed to be following a systematic plan of looting.

One of the peculiarities of the "jobs" happened at the Pioneer Motor Sales, or Bus Station; inside the shop a car was parked with the keys on a chain which had a rabbits foot as an ornament. The rabbit's foot was taken and the keys left intact. However, an acetylene outfit was dragged across the shop to the door entering the office and three locks burned off, almost setting the building on fire. However, once inside the only thing that was taken was a variety of keys, several packs of cigarettes, some candy, crackers and about $1.25 in money.

From the Ford place the Corporation seal was taken, from Hendry Motors a first aid kit, from Kilgore's a rifle and several knives. The rifle was buried in the canal, it later developed. From McClatchey's some Clorets, crackers, cold drinks and keys were taken. Harvey Armstrong also lost some crackers, keys and candy, as well as some cigars.

From Joe Gold's clothes and shoes were taken and some $165 to $175 in money.

Sgt. Verne Clark was told that some boys were seen coming from the old theater on South Main Street on Monday, so he took some help and began a systematic search of the building only to run across two boys 13 and 14 years of age and great bundles of loot.

Cash and checks to the amount of $200 were also found, and plenty of evidence from the places they had visited. The boys had been sleeping in the fan room of the old theater since leaving home Saturday afternoon.

Another group of three boys were apprehended in Okeechobee after wrecking a truck

Sorority Hears Talk On Building

An interesting and informative talk on steps necessary to construct a home, was told by local contractor, Jimmy Williams, at a meeting of the Beta Sigma Phi last Thursday night, at the home of Mrs. Milton Carpenter.

Mr. Williams talked briefly on VA and FHA restrictions and emphasized problems of building in areas of muckland. He also answered questions asked by members.

The group agreed not to sponsor an entry in the Harvest Queen contest.

Announcement was made that audiometer tests in the elementary school were almost completed.

Mrs. Francis Cross, Jr., was cohostess with Mrs. Carpenter.

JOE GOLD AND SGT. VERNE CLARK—of the Belle Glade Police are counting the cash which was recovered from the two teenagers who created a crime wave of their own over the weekend. Mr. Gold recovered $165 in cash and numerous items of clothing which the boys took from his store.

Richmond Services Conducted Tuesday

Last rites for Austin J. Richmond, 57, who died last Friday morning at St. Mary's Hospital, were conducted at the First Baptist Church, Belle Glade, Tuesday morning at 10:00 o'clock with the Rev. U. W. Malcolm, pastor, officiating, assisted by Rev. Robert Ford former minister of the Everglades Presbyterian Church.

Mr. Richmond underwent a stomach operation on Tuesday and was responding favorably when he suffered a heart attack and died.

Born in Beckley, West Virginia he moved to Ft. Myers and later to Belle Glade and has been a resident for 27 years, and operated his own plumbing business here since then. He and his wife also operated the Rictu Motel at the time of his death.

Known for his interest in civic affairs, he served one term as city commissioner in 1947-'49. He was an ardent football, basketball and baseball fan, sponsored Little League Teams in the community and was an excellent bowler and competed in league play in West Palm Beach.

He was a member of the First Bapitst Church in Belle Glade, the Masonic Lodge, American Legion, Post 20, a Navy veteran of World War I and was on the advertising committee of the Chamber of Commerce.

He is survived by his wife Lola Richmond, one son, Bennie and three grandchildren all of Belle Glade; Seven sisters, Mrs. Orin Authur, Roanoke, Va., Mrs. Mathilda Hatcher, Crow, W. Va.; Mrs. H. B. McKinney, Sophia, W. Va.; Mrs. Isaac Hiatt, Ararat, Va.; Mrs. Charles Waddell, London, Ky., Mrs. Pat Bowden, Ghint, West Va.; Mrs. Mary Farraguia, Melvindale, Michigan; Mrs. Troy Waddell, Randalls Town, Maryland.

Pallbearers were William Graber, Paul Bursey, Clewiston, Paul Buntyn, W. Palm Beach; W. F. Cunningham, Solly Corbin and Don Aspey.

The Masons were in charge of graveside services at Hill Crest Memorial Park, West Palm Beach, assisted by the honor guard of the American Legion, who conducted the flag presentation ceremony.

Wetherington Funeral Home was in charge of arrangements.

Jaycees Cite Reasons For Family Contest

Local Jayce president C. L. "Tiny" Todd, explained the reasons why the Jaycees are co-sponsoring the "All-Florida Family Contest" with "Florida Speaks and Sunrise" magazine. The contest is designed to select and honor the "ideal" family from the 90 Florida Jaycee communities, with eventual selection of the "All-Florida Family" from this group, at the state finals in Miami Beach during April of 1955.

Jaycees, Todd states are endeavoring to select the family that is most representative of Florida living and culture. It is hoped this contest will focus national attention on Florida for superior living habits and conditions. Moreover they want to honor the local family that receives the distinction. Everyone in the community should participate. Deadline for submitting entries is midnight March 17. Entry blanks are available from various merchants or from any Jaycee member.

Local Chapter FFA Chosen For Award

The Belle Glade Chapter of Future Farmers of America is among the three chapters selected in the State of Florida to be eligible to receive an award for improving agriculture and leadership in the community.

The award is sponsored by FFA Foundations and the total award for the state is $1126.05. The Belle Glade Chapter will receive $375.36 when the project is completed.

The project is the construction of a 14" drainage pump an installation on school farm for proper water control. Gene Ellis of the Glade Machine Corporation will supervise the pump construction in the Farm Mechanic Shop at the High school. He will also do some of the machine work.

Methodist Women's Society To Meet

The Women's Society of Christian Service will meet at the Community Methodist Church at 8 o'clock Tuesday, March 8, with Mrs. A. L. Wallace in charge of program honoring new members. Mrs. I. W. West will have the worship period. Hostesses will be Mrs. Clarence Kidder, Mrs. Robert Allen and Mrs. Sara Diggs.

Women's Auxiliary To Meet March 8

The Women's Auxiliary of the Belle Glade Memorial Hospital will meet in the Nurses' Lounge at 2 p. m. for workshop, followed by a business meeting. All new active members are urged to attend.

Sam Lovell Tells Rotarians About Local AG Program

At the regular Friday meeting of the Belle Glade Rotary Club, Mr. Sam Lovell gave a very in teresting program on his vocational agriculture program in the Belle Glade School. Mr. Lovell was ably assisted by his string band which rounded out the program by playing a few varied selections.

Mr. Lovell spoke on the over-

CITY BUILDING INSPECTOR CUNNINGHAM — Studies plans for addition to Herald Building, W. U. Cook is shown in background preparing steel reinforcing. The addition, as being built, will double the size of the shop room for The Herald and provide space for office, stock storage and additional equipment. Concrete and steel will be used exclusively in the new building.

Glades Hospitality Brings Thanks From Tourist Family

"The hospitality of this community, the service of the hospital and the kind consideration of Doctors Piper and White in the treatment of our 13-year-old son who was burned as a result of an auto accident is unbelievable" says Mr. J. P. Deery and his wife.

In attempting to prime the carburetor of the family car some 13 miles south of South Bay Saturday morning, an explosion occurred and young Deery was seriously burned about the upper body, arms and face, and only Wednesday did the parents hear welcome news from the attending physicians that "no permanent injury" is expected.

Passing motorists rushed the boy towards the Belle Glade hospital only to run into car trouble themselves in South Bay, where a filling station operator took over and finished the trip.

Local residents have visited the victim and the parents have been invited into local homes much to the surprise and gratification of the enforced visitors.

"My previous experience with hospitals emphasizes the courteous and considerate treatment of your local institution" Mr. Deery wants local folks to know.

"Thanks Mr. Deery; come back to see us sometime because you like us."

Mr. Deery is a manufacturer of enamels for special uses with headquarters in Lakewood, Ohio.

Celery And Mixed Cars Lead Week's Movement Of 510

Celery, mixed cars and cabbage, with escarole fourth, made up 97% of the past week's movement of 510 rail car shipments from the Glades.

For the entire season the rail movement is 905 ahead of the same time last year.

American Legion Barbecue Dinner Slated Sunday

Everglades Post No. 20, American Legion has set Sunday, March 6, for a barbecue rib and chicken dinner to be served at the Legion Hall from 12 o'clock noon to 6 p. m. Folks can come directly from church and be served. Donation $1.00 per plate. If you ate the delicious food at the last barbecue, don't miss this one and bring your friends.

Farm Worker Killed In Freak Explosion

Herbert W. Burrows, a Bahamian farm worker on the farm of Duda & Sons was killed Wednesday from an explosion of firecrackers with which he was working in a sweet corn field, on Torry Island.

Burrows was found by Gary Arnold, farm foreman, shortly after an explosion was heard, and doctors report that even though immediate attention had been available, there was no chance of saving the man's life because of the seriousness of the injury. The man's hand and stomach are reported to have been blown away by the explosion.

Though the noise of the explosion was heard, as later determined, the dynamiting by contractors on the government work nearby makes such noises commonplace.

The worker was alone at the time and just what set off the explosion is not known.

NEW PATROLMAN — Corporal Theo York, who was released from service at Ft. Benning, Ga., on February 19, recently joined the Belle Glade Police Department. He is a native of Headland, Alabama, and is the son of Mr. and Mrs. M. B. York of Belle Glade. Entering the army in 1953 he received basic training at Ft. Jackson, and later was sent to Camp Carson, Colo., where he received mountain training and cold weather indoctrination. He also served at Camp Atterbury, Indiana.

Prices Steady To Good At Market

Demand was strong on Monday at the Glades Livestock Market with prices steady to good on all classes. Slaughter prices were slightly off from last week and slaughter steers slightly higher on the Wednesday market. Sales for the week totaled $64,486.24.

Wednesday, March 9, liquidation of the J. C. Ranch herd of cattle will start by offering 70 canner cows and 23 stocker steers. Remainder of the herd consists of over 400 cows and heifers of outstanding quality, mostly Braford. Beginning March 9 through the six sale

So. Fla. Conservancy Landowners Meeting Scheduled March 8

Manager W. M. Jeffries is announcing the annual meeting of landowners of the South Florida Conservancy District in the office of the District in Belle Glade on March 8th at 10 o'clock a. m.

This district of some 32,000 acres includes Belle Glade, Chosen and a part of the City of South Bay.

Golden Rams Place Fourth In Tourney

By BILL NICHOLSON

The Golden Rams of Belle Glade High were defeated 59-39 by Seacrest High last Saturday night at Delray Beach in a consolation game which gave Seacrest third place and Belle Glade fourth position in the State Class A Group 8 basketball tournament.

North Miami High, top-seeded in the tourney, won over defending champion and second-seeded Pompano 60-50.

Belle Glade gained a semi-

Florida's Living Ex-Governors To Meet Here Mar. 19

The seven living Governors of Florida are expected here in Palm Beach County March 19 for celebration of two significant steps in Florida's development — formal finish of the Everglades Drainage District as a taxing unit, and start of the world's largest low-level pumping station.

Governor Leroy Collins, with Senator Spessard Holland and Maj. Gen. Samuel D. Sturgis, chief of engineers, U. S. Army, will be the principal speakers at the pumping station ceremonies. Former Governor Doyle E. Carlton will act as master of ceremonies and acceptances to take part in the program have been received from John W. Martin, Millard F. Caldwell, Fuller Warren and Charley E. Johns.

At a luncheon in Belle Glade, preceding the ceremonies, Fred Elliott, long-time chief engineer of the Everglades Drainage District, will speak and the oldest EDD taxpayer will have the privilege of burning the last bond of the taxing district.

Mrs. Mary Foy held a meeting of her Committee on the All Glades Dinner Tuesday afternoon with Curtis Chase and Jane Riker representing Pahokee and Bill Lunier and ? ? ? ?? representing Clewiston.

While final details will not be completed until this afternoon at five o'clock at a called meeting, it has been dtermined that Glades vegetables both cooked and as salad will be served along with Glades grown beef. Tentatively, high school Home Ec girls will be asked to serve the meals on this special occasion.

A tent will be placed just south of the Club House at the golf course for the meal, and Glades crops will be shown in display booths at each end.

Doug Wooten is Chairman of the Food Committee, and it is reported that the menu he is planning rendered in French would well grace the board of any Miami Beach's swank hosteleries.

Over 800 X-Rayed February 25 - 26

The Mass Chest X-Ray which was conducted in Belle Glade at the unit stationed at Bailey's Real Estate Office last Friday and Saturday, sponsored by the Belle Glade Woman's Club reported 828 persons having X-rays for the two days.

Mrs. J. Marvin Unwin, president of the Woman's Club, reports that there were 481 X-rayed on Friday and 347 on Saturday. Volunteer workers from the Club were: Mrs. Hubert Tillery, Mrs. F. C. Dooley, Mrs. Herbert Beck, Mrs. R. L. Braddock, Mrs. R. Y. Creech, Sr., Mrs. Thomas Baker, Mrs. Dalton Harrison, Mrs. Victor Green, Mrs. Bert Roemer, Mrs. F. C. White, Mrs. J. L. Murphy, Mrs. John Whittemore, Mrs. C. A. Bailey, Mrs. Thomas Bregger, Miss Marian Najarian, Mrs. William Graber, Mrs. W. D. Roth, Mrs. J. A. Pike, Mrs. N. T. Taylor, Mrs. George Royal, and Mrs. Unwin. Also assisting was a representative of the Rebekah Lodge in Belle Glade, Mrs. Henry Collins.

Facts About Loss Of Soil In Glades Told To Rotarians

John C. Stephens, speaking before the Belle Glade Rotary Club recently, brought forth some startling facts about our own 'Glades region and its chances for survival during the next few years. Mr. Stephens, who is Research Project Supervisor, Soil and Water Conservation Research Branch in the Agricultural Research Service of the U. S. Department of Agriculture and also Drainage Engineer, spoke in plain language that left no doubt in the minds of his listeners as to what he was saying. His topic was the losses of soil in the 'Glades region since the beginning of its cultivation.

According to Mr. Stephens, the loss of organic soil in the Florida Everglades is unbelievably large. By periodic sur-

(Continued on Page Seven)

NATIONAL GUARD NEWS

National Guardsmen are trained in radio and other forms of communications; they can become specialists in automotive mechanics, drafting, cooking, administration, and many other fields. The federal government has provided endless highly expensive equipment for this training. At our own armory in Belle Glade, there is many thousands of dollars of equipment for the use of the company's own personnel. The expense that would be incurred by the layman in receiving this valuable training with the use of this equipment would be prohibitive.

Army and Air Force schools are open at all times to National Guardsmen on the same basis as to members of the Regular Army, Navy, and Air Force. Training received from these schools is always valuable. Many members of the Florida National Guard have attended these schools. In many cases, members of the Guard can further their education in their profession by attending these schools. Every man who belongs to the Guard can find several schools which will benefit him either in respect to the Guard or to his own profession.

In addition to these technical schools, other schools provide additional training of a different nature. National Guardsmen may qualify for commissions by attending Officer Candidate School, or even by completing correspondence courses from regular service schools at home. Opportunity for promotion in both the enlisted and officer ranks are unusually good at present because the Guard is still g r o w i n g. The authorized strength of Company E is considerably larger than the present strength. This provides ample opportunity for advancement because of the numerous openings which are not presently filled. Persons who are interested in finding out more about the Guard should contact the Armory any time during the day.

SOUTH BAY BEAN CITY LAKE HARBOR

Lieut. and Mrs. Edwin N. Kones (Mary Alice Lamoureux) announce the birth of a daughter, Ramona Katherine on Feb. 18 at Jamaica, N. Y. Weight 7 lbs. 6 ozs. Woodman Circle Elect Officers For Year

Mrs. T. E. Strickland was hostess to the Supreme Forest Woodman Circle at her home in Belle Glade Thursday evening.

Mrs. Marjorie Henderson of South Bay presided during the business session.

Officers were elected for the year 1955. Mrs. Henderson was reelected president; Mrs. Annie Clayton, past president; Mrs. Evelyn Burns, first vice-president; Mrs. Pearl Rawls, second vice - president; Mrs. Amy Strickland, secretary; Mrs. Mae Connell, treasurer; Mrs. Nola Hall, chaplain; Mrs. Mabel Barstow, auditor; Mrs. Ursula Glisson, attendant; Mrs. Fannie Cato, assistant attendant; Mrs. Rosalle Collins, musician; Mrs. Blanche Coppersmith, captain; Mrs. Evelyn Dasher, Love; Mrs. Elizabeth Boree, Wisdom; Mrs. Mary Morris, Power; Mrs. Lessie Martin, Remembrance.

Delegates to the state convention to meet in Gainesville on April 23, 24 and 25 were named: Delegates, Mrs. Ary Strickland, Mrs. G. J. Barstow; alternates, Mrs. Annie Clayton, Mrs. Mae Connell, Mrs. Evelyn Burns.

It was decided to meet once each month on the fourth Friday. Hostesses will be the officers in order as given above, Mrs. Henderson being first hostess on Friday, March 25.

It was voted to contribute $2 each to the Heart Fund and the Cancer Clinic, also $5 to the Woodman Circle.

Members attending were entertained with a TV show during the social hour. The hostess served fresh cocoanut cake and coffee and lemonade.

Those attending were Mrs. S. E. Henderson, Mrs. E. E. Dasher, Mrs. Nick Paff, Mrs. Annie Clayton, Mrs. G. J. Barstow, Mrs. Shelly Connell, Mrs. Evelyn Burns, and Mrs. Mary Morris.

Talent Show, Movies And Parties Slated On School Calendar

The Student Council sponsored a talent show and movie at the schol auditorium on Friday night which was largely attended and proved very enjoyable.

The talent show was a contest between the 5th, 6th, 7th and 8th grade children. Five numbers were presented, Eugene Challancin winning the prize with his dance presentation. Other numbers were a vocal duet by Barbara Jean Kersey and Bonnie Wills; vocal solos by Butch Davis and Arthur Roberts and a vocal duet by Rebecca Woodham and Carlos Sloan. Ronnie Bowen accompanied the various numbers on the piano.

The movie was titled, "For Love of Rusty".

The next program will be on Friday, March 11. The four primary grades will participate in the talent show.

Mrs. Olga Hardy will be delegate from the South Bay School at the Florida Educational Association annual convention to be held in Tampa on March 17, 18 and 19th.

Steve Tslickis, Mrs. Floyd Wilder, Mrs. E. J. Leathlean, Mrs. W. G. Bowen, Mrs. Edytha Eckman, Mrs. C. E. Crichfield, Mrs. Edwards, Mrs. Luther Martin, Miss Myrtice Gilman met the first of the week at the park to plan a series of Saturday night parties for the 5th, 6th 7th, 8th and 9th grade age young people.

According to present plans there will be a party each Saturday night 7 to 9:30 p. m. at which games, square dancing and other forms of general entertainment will be offered. Candy and cold drinks will be on sale. Mothers will be requested to furnish refreshments for special occasions. Four sponsors will be available for each event. Each young guest will sign in as he or she arrives and sign out as they leave. Once signed out, the guest will not return that night.

Parties will be at the Legion Hall unless otherwise announced. A contest will be put on to select a name for the organization.

Hostess for the first event Saturday night are the above group, who will furnish light refreshments.

Boy Scout Troop To Be Honored

The South Bay Parent Teacher Association will honor the Boy Scout Troop No. 26 at their next regular session on Monday, March 7 at the school auditorium where they will have a part on the program and receive their charter. Hector Ouellette is scoutmaster.

Bandmaster John Munroe will also be present for a short talk and present some members of the Belle Glade School Band in several numbers. Miss Marian Najarian will present a trio from the Glee Club in several numbers.

Principal Pellon Morris will present a breakdown on the school cafeteria program.

A nominating committee will be named to present a proposed slate of officers for election at the April session.

Legion Dinner Well Attended

The American Legion annual Washington's Birthday fried chicken dinner last week was well attended, 120 plates being served during the evening. Arrangements were made so that no one had to stand in line to be served and an excellent dinner was enjoyed.

Proceeds went toward the annual payment on the building.

Cooks in charge of the dinner were Vernon Henderson, W. C. Allen, Rollin Plank and E. Y. Smith with Mrs. O'Neal Walker in charge of coffee and soft drinks.

One Killed And 17 Injured In Mass Truck Accident

A mass truck highway accident early Friday morning on U. S. Highway No. 27 resulted in one death, 17 injured and a traffic tie-up which inconvenienced countless motorists during some seven hours until the highway could be cleared of debris sufficiently to permit resumption of traffic.

Glen Stroud Moore, age 40, of Lakeland driving a Hill & Hill fruit, produce and egg truck, was killed and Floyd Waters, age 47 of Terra Haute, Indiana, and Bruce Brasnight, age 31 of Highland City were injured. Moore received a possible fractured right ankle, cuts and bruises and BaBsnight, asleep in the rear of the truck lacerations and bruises.

Three semi-trailers piled up just north of the Palm Beach-Broward County line when Moore, loaded with 588 cases of eggs from Iowa, crashed into another semi traveling south and in turn was hit by the third semi traveling south.

Shortly after the initial accident, a second accident involving three trucks also, caused injuries to practically all of a truck load of negro labor enroute from Belle Glade to work in Broward County fields.

Stalled traffic on both sides of the first accident which occurred at 5:30 a. m. was soon lined up. A pickup truck carrying 19 negroes was parked behind a semi-trailer driven by James Pritechett of Cairo, Ga., when a second semi-trailer driven by Vernon Farmer of Albany, Ga., unable to stop, plowed into the pickup crashing it 150 feet against the semi in front and throwing all the negroes to the pavement.

Over 100 troopers and enforcement officers including the Everglades Fire Control assisted Trooper J. P. Bartrand and Trooper Lloyd Clifton in the investigation and clearing up the highway which was littered with burned and twisted wreckage of the trucks, spilled cases of eggs, onions and oranges in addition to the injured.

Waters had to be cut from his damaged cab by the Everglades Fire Control crew and was then hospitalized in Fort Lauderdale. The injured negroes was transported by ambulance to the Belle Glade Memorial Hospital. Eight ambulances were required for this task. Extra doctors were called in to take care of the injured and the staff was so busy patching up the victims that it was hours before they could stop to count noses and secure names.

The highway was closed to through traffic for some 7 hours. South Bay Patroleman Lester Rhudy stood guard at South Bay, rerouting all east coast traffic south via SR No. 441 while Broward and Dade County officers also rerouted traffic north until the road could be reopened.

Highest Octane Of All Time

Louisville, Ky., March 1 — W. G. Violette, president of Standard Oil Company (Kentucky), which has been serving the South with petroleum products for 69 years, announced that the new Crown Extra gasoline which this Company's dealers begin offering their customers today, is the highest octane gasoline in this Company's long history.

"For the past several years," said Mr. Violete, "the petroleum industry has been developing higher and higher octane fuels which would enable car manufacturers to continually step up the compression-ratios of the engines in today's more powerful cars. As a consequence, the compression-ratios of the 1599 cars are at a new high.

"To meet and surpass these new engine demands, Standard Oil has raised the octane rating of its premium grade Crown Extra Gasoline to its highest octane of all time."

Standard Oil Company (Kentucky) markets petroleum and allied products throughout Alabama, Florida, Georgia, Kentucky, and Mississippi. Ivan L. Van Horn their agent, announces that this new gasoline is now available at Standard Oil Stations throughout the Belle Glade area.

Ladies Aid To Hold Rummage Sale March 5

The Ladies Aid of St. Peter's Lutheran Church will sponsor a rummage sale on Saturday, March 5, at Royal's Parking lot. The sale will begin about 8:30 a. m. Anyone wishing to donate articles for the sale are asked to call Mrs. Art Redwantz 3186, at 132 N. W. Avenue C. or bring rummage to the parking lot.

Country Club of the Everglades

By Kathleen Livingston

Playing in the Spring Inter-City Tournament at the local course on Monday, West Palm Beach Ladies tied the local team by 18 to 18, which goes to show that our Belle Glade galfers are out there practicing.

Following are the individual scores with the visitors listed first: Althea Drake 2 vs. Edith Van Landingham 1; Sally Usina 3, vs. Louis McWhorter 0, Best Ball each 1½.

Ruth Peters ½, vs. Kat Weeks 2½; Mildred Dessler 2½, vs. Pete Kirchman ½; Best Ball WP 3, BG 0. Evelyn Fish 0, vs. Zelma Betzner 3; Mary Sowell 2½, vs. Louise Rhodes ½; Best Ball, WP 0, BG 3. Ann Breitenbach 1½, vs. Helen McCabe 1½; Dot Downey 1½, vs. Ruth Zieman 1½; Best Ball, WP ½, BG 2½.

The next match will be next Monday on the local course with Belle Glade playing Lake Worth.

On Ladies Day last Friday Louise Rhodes won for having low putts and Zelma Betzner won in the handicap tournament.

Boy Scout News

At the regular meeting of Boy Scout Troop 22 last Monday evening a Troop Board of Review promoted Stewart Boots, Billy Carter, Dewitt Draa and Harold Royals to the rank of First Class Scout. Serving on the Examining Board were District Commissioner George King, Neighborhood Commissioner Henry Spellman III, Institutional Representative George LeGost, Troop Committeemen Dick Hodges and Clarence Kidder, Merit Badge Counselor T. E. Hollingsworth, Scoutmaster Charles Ozaki and Assistant Scoutmaster John Gibson.

Following the Board of Review, the new troop charter was presented by Mr. Spellman with Scoutmaster Ozaki accepting for the troop. This was the twentieth year of charter renewal for Troop 22.

At another recent meeting, patrols were formed in the troop and the following rank appointments were made: Alva Wallace; Junior Assistant Scoutmaster; Pat Scheffler, Senior Patrol Leader; Bill Van Landingham, Harley Hollingsworth and Billy Carter, Patrol Leaders; Gordon Corbin, Harold Royals and Doug Thompson, Jr., Assistant Patrol Leaders.

A hunter-killer unit is composed of Navy aircraft with detection equipment and destroyers; the aircraft seek out enemy submarines and call for destroyers to make the kill.

NEWS VIEWS

By E. D. and DOUG

Lieutenant - General Hubert Harmon says the new Air Force Academy cadets will be the "best dressed and sharpest-looking men ever to be in the uniform of the U. S. military service." Which means they should start a lot of young feminine hearts fluttering. The General plans to have the uniforms designed by the Old Master of Hollywood spectacle, Cecil B. DeMille.

This may not be such a bad idea at that. It never did hurt a soldier's morale to wear a sharp-looking uniform. But if the new Air Force Academy does its job the way the academies at West Point and Annapolis have done theirs, then you can bet those new uniforms will be worn with pride ... heads up and shoulders back ... no matter what the cut or color of the clothes!

The U. S. Printing Office has a best seller in the book, "Your Income Tax." The plot is terrible, but if you just want the facts, Ma'am, this really gets down to brass tacks. You'll find all the best sellers in cosmetics and toiletries available in our store ... including the complete line of DU BARRY beauty preparations ..... beauty and hand lotions, powders, creams and lipsticks. For your glamour needs, make it a habit to shop at GLADES DRUG STORE.

Did You Know?

Roller skating is one of the most popular entertainments today; the pleasant exercise of skating helps one to keep in good physical condition.

Roller skating can be enjoyed by the older folks as well as the young. Gruwell Roller Rink, back of the postoffice in Belle Glade, is proving to be a clean well-managed place to go skating. The hard maple floor you will skate on at the Gruwell Rink is made of 189 sections 2 ft. x 12 ft., which are tongue and grooved together, and are all held together as one large floor by 38 separate cables with strong springs, which take care of expansion and contraction. The floor will expand as much as 4" in damp weather. The big new tent which protects the floor is a specially built top, made up in six sections at a cost of $2475.00.

Special sessions are being held each Tuesday and Thursday from 10 to 11:30 a. m., for beginners; School sessions for small children are from 3:00 to 4:30 Mondays through Fridays. The rink is open Saturdays nd Sundays from 2:00 to 5:00 p. m., and every night 7:30 to 10:30, except Sundays.

You are cordially invited by the management to come out and enjoy the company of your friends in this clean, exhilarating entertainment.

Plane Flip Flops No One Injured

George Crews and his son, Gary were lucky to escape injury when the 2 place Luscombe he was piloting turned bottom side up at the Ft. Lauderdale Airport Sunday afternoon. George said that his foot slipped off the pedal after he landed and the plane hit the sand on edge of runway causing it to turn a flip-flop. George had two scratches and Gary came out without a mark. The plane was moderately damaged. The propellor, windshield, rudder and wings were damaged some, so they had to be flown back to Belle Glade.

Talk On Migrants Heard At BPWC

Work being done for migrant children in this area was the topic heard by the Business and Professional Women at their regular meeting at the home of Mrs. Florence Parke Tuesday evening.

Miss Banna Rodriguez, president of the club and Miss Elizabeth Sutton, Glades supervisor on the Education of Migrant Children were the speakers.

The group discussed plans for the district convention to be held in May.

Others present were Mrs. Ruth Wedgworth, Mrs. Julia Durrance, Mrs. Uceba Caruthers, Miss Sara Creech, Miss Mary Lou Pitts and Mrs. Mary Foy.

Birth Announcements

March 2 — Mr. and Mrs. Thurmond T. Bennell (Martha Parker) announce the birth of a daughter, Lydia Ann at the Belle Glade Memorial Hospital.

Feb. 26 — Mr. and Mrs. Clyde Clayton (Pat Harris) announce the birth of a daughter, Janice Marie, weight 7 lbs., 6 ozs. at St. Mary's Hospital, West Palm Beach.

Feb. 23 — Mr. and Mrs. Fred McCormick, (Kathryn Webster) of Miami announce the birth of a son at Mercy Hospital.

Feb. 26 — Mr. and Mrs. Roy E. Davis, Belle Glade, announce the birth of a son, at Everglades Memorial Hospital Pahokee.

Feb. 22 — Mr. and Mrs. Carlas Wells, Jr., Pahokee announce the birth of a son, David Otto, at Everglades Memorial Hospital.

Feb. 23 — Mr. and Mrs. Grover Woods, Pahokee, announce the birth of a son, Thomas Joe, at Everglades Memorial Hospital.

Jay-C-Etts Hear Committee Reports

The Jay-C-Etts held their regular meeting last week at the home of Mrs. Alice Morris on Wedgworth Road.

The Ways and Means committee gave a report on the plans their committee had made for the concession stand to be held at the Everglades Fair. A progress report was also given on the accomplishments of the Harvest Queen decoration committee composed of Mrs. John Kinlaw, Mrs. Richard Shoemaker, Mrs. Robert Ellis, Mrs. George Rashley, Mrs. Tommy Parker and Mrs. Charles Godwin.

After the meeting was adjourned, Mrs. Alice Morris hostess for the evening, served refreshments which were enjoyed by all. There were ten members present. The next regular meeting will be held on March 8, 1955.

BELLE GLADE NIGHT
(Continued from Page One)
display at the County Exposition.

The Chamber will also cooperate with the Everglades Fair Committee in a vegetable display at the local event.

The City agreed, according to President Wedgworth to (1) Fly State flag alongside the National Colors on city buildings, (2) work out courtesy parking tickets for out-of-town visitors, (3) provide recesses in sidewalks for flag display.

The membership report shows that over half of the $6,000 budget has already come in with 93 paid memberships, 8 of which are voluntary raises to multiple membership and 9 new memberships.

CARD OF THANKS

In appreciation for the cooperation and untiring efforts of The Belle Glade Police Department in their recent work on the case of juvenile robbers versus several local firms, including ours, the Kilgore Seed Company, I wish to make public this word of praise. We are especially grateful to Chief Goodlett and all of his force for their efficient and thorough investigation, and the courteous manner in which it was handled.

Milton Burry.

THE WOODWIND TRIO TAKES TIME OUT—From left to right, Donna Armstrong, Veronica Pike, and Jeannette Buss as they take time out from rehearsal to pose for the photographer.

On March the eleventh, members of the Belle Glade High School Band will inaugurate the first annual solo and ensemble night to be held in Belle Glade. This event will feature all entrants who are participating in the district band contest to be held in West Palm Beach on March the Fourteenth. It will feature solos, ensemble groups, and one twirling number.

Those soloists who will participate are: Laurine Anderson, clarinetist; Jeanne Willits, oboist; Yvonne McTaggart, cornetist; Stewart Boots, bass; Jeannette Buss, bassonnist; Leonard Higbee, pianist; Bobby Willis, trombonist; Dick Dupere, trombonist; Linda Close, Eb soprano clarinetist; and Mary Claire Crider, twirler.

Three ensembles will also perform. The woodwind trio pictured above; a mixed clarinet quartet consisting of Nedra Mikovsky, Donna Armstrong, Sandra Register, and Frances Sloan; and a trombone quartet consisting of Dick Dupere, Billy Tom Forsee, Bobby Willis, and Jay Freeman.

A nice crowd is hoped for by ail lthe participants. This public performance will serve two purposes. First, the public of Belle Glade and surrounding area will have an opportunity to observe what is going on in the instrumental program of Belle Glade and be in a better position to take an active interest in it; and to provide an outlet for the participants before the actual judging of the events in order that they may get experience before an audience. This year will mark th first public individual performance for many of the entrants.

Fay Abling Named PBC Health Nurse For Glades Area

Dr. C. L. Brumbach, director of Palm Beach County Health Department announces the appointment of Mrs. Fay Abling to the staff of Public Health Nurse for the Glades area.

Mrs. Abling has recently moved to Belle Glade from Pahokee, where she was resident for 10 years. She is a graduate of Emory University School of Nursing, having done post graduate work in obstetrics nad pediatrics with Bellevue Hospital, New York City and has had training in Sister Kinny method for polio.

During the war she was director of nursing services in Palm Beach County for the American Red Cross. She will be located at the Palm Beach County Health unit in Belle Glade.

TEENAGERS FURNISH
(Continued from Page One)
stolen from Bill Graber in Belle Glade, Chief Goodlett went to Okeechobee to investigate after being notified of the wreck. Upon investigation it was revealed that a couple of stores had been broken into in Pahokee and a jeep which was stolen had been abandoned near the rock pit.

There is seemingly no connection between the two groups of boys though the urge hit them at about the same time.

All five of the boys have been sent to West Palm Beach for action by the juvenile court.

It is reported that all the boys had been involved in questionable action before.

GOLDEN RAMS PLACE
(Continued from Page One)
final berth by downing South Dade 51-41 Thursday night. The blue and gray clad Rebels gave Belle Glade a close fight until late in the fourth quarter where they stalled and Belle Glade pulled away.

The semi-final play-offs Friday night featured Pompano versus Belle Glade and Seacrest versus North Miami High.

Pompano won over the Rams by a close score 47-44 as a result of a 17 point third quarter rally which erased a Belle Glade halftime lead of 26-20.

The Rams were handicapped as Walter Mosley was forced to play cautious during the final two periods as a result of 4 fouls being called against him during the first half. Their chances of victory faded when Bobby Joe Thomas fouled out with 6 minutes to play remaining. Belle Glade fought a gallant fight until the last 28 seconds of the game; at this point Mosley hit from the free throw line to bring the Rams to within one point of the Beanpickers (44-45). He missed on his second attempt and J. F. Wilcher rebounded then attempted a short one-handed push shot which rolled around the rim of the basket and off the edge into the hands of a Pompano player. With just a few seconds remaining the Beanpickers increased the lead to win by a 3 point margin.

Later in the evening North Miami High edged Seacrest 53-51 to gain the title berth against Pompano.

Belle Glade's Bobby Joe Thomas, Senior forward, was placed on the All Tournament 10 man squad.

Mrs. McCabe Reports At Deanery Meeting

Mrs. E. A. McCabe attended a deanery meeting at Madonna Hall in Lake Worth last Friday afternoon where she represented St. Philip's Altar Society. Reports of presidents and chairmen were given by societies from churches in the district.

H. T. Moore Is New Commercial Agent

H. Travers Moore of the Southern Trailway System's Freight Traffic Department at Macon, Ga., has been promoted to commercial agent with headquarters at Belle Glade, according to announcement made by Terry Sellers, district freight and passenger agent in this area.

Mr. Moore a native of Georgia was born February 29, 1916. He entered the service of the Southern Railway in September 1937 as a clerk at Atlanta, Ga., serving there in various stenographic and secretarial capacities. In September 1946 he was made rate clerk at Macon and promoted to chief clerk in September 1947 and advanced to commercial agent December 1, 1950.

Mr. Moore replaces Thomas J. Cartwright, who resigned to work as freight solicitor with the Chicago and Eastern Illinois RR in Tampa. Mr. Cartwright was chief clerk at Norfolk, Va., before coming to Belle Glade about a year ago.

Mr. Moore is house hunting and will move his wife and two children to Belle Glade on finding a suitable home.

Delano (Billy) Mathis.

Fine Paper From The Ginger Lily Is Object Of Current Experiment

By MABLE BARSTOW

The Everglades of Florida, being one of the last and most unique of the pioneer areas to be developed, and by its very nature different from all previous pioneering projects, has been in constant flux for the past 50 years; the most enormous strides having been made during the last 30 years.

Costly experiments have been carried on by the hardy and venturesome pioneers who have wrestled with the problem of reducing the marshlands to a settled economy. Some have made fortunes, others have "lost their shirts" in experiments with new crops and new industries in the effort to establish a diversified agriculture in keeping with the richness of the muckland soil and the year around tropical climate.

The hazards of flood, drouth, hurricanes, fires and unseasonal frost have been met and are slowly being conquered. Insect pests, soil deficiencies, plant disease and marketing problems have also been met and to a degree conquered.

Thus the original major crop of snap beans has been joined by numerous other vegetables including pepper, egg plant, corn, cabbage, celery, radishes, kale, romaine, potatoes, tomatoes, etc., as individual experiments and work of the Everglades Experiment Station staff have worked out the best varieties, pest and insect control to insure successful culture.

Other costly experiments started without sufficient data have resulted in partial or total failure. The rice culture which started with such a loud ballyhoo a few years ago has to date proved exceedingly hazardous and has largely been dropped as a crop other than as a cover crop during summer and for control of certain plant pests and diseases. No one has quite proved to his satisfaction, according to Assistant County Agent H. L. Speer, just why one grower can produce a perfect crop of rice one time and the next time a complete failure. Until that problem is licked, rice will not become a major crop in the Lake Okeechobee Everglades.

There are 3940 acres of ramie presently planted in the Glades, with definite planned addition of 1200 acres. Tentatively another 400 to 800 acres are planned this spring, to make the total acreage 5100 to 6,000 acres this June.

Rumors are rampant, with some activity to back them up, that an ultimate 6,000-acre plantation is in the forming for production of Ramie fiber.

The Internal Improvement Fund, in the interest of Glades ramie farmers and its own large holdings in the Glades, has engaged a fiber specialists to aid domestic markets for ramie, kenaf and other fibers.

A new fibre venture is now in the experimental stage, which if it proves successful, may be a boon to diversified development of the mucklands. Experimentation is going forward both in the everglades and in Canada to determine the practicability of manufacturing paper from a Glades product — the Ginger Lily.

R. A. Huxtable of Ottawa, Canada is experimenting with the fibre of the Hedychium coronarium, commonly known and widely used here as a yard planting, the Ginger Lily, or white butterfly lily.

He is working on a machine to produce a fine glossed paper by mechanical means, using the Ginger Lily fibre instead of wood pulp. The finest grades are made from chemical wood pulps and chemically cooked rags.

Huxtable states the paper from this fibre is much too good for news print. His object is to duplicate the finest grade gloss print paper by mechanical means, a much cheaper process than by the use of chemicals, in order to compete successfully with wood pulp paper. He has produced a very nice grade and hopes to improve the grade by improving his machine.

Meanwhile he contacted Laymond Hardy, local horticulturist and graduate of the University of Florida, some years ago for information as to the culture of the Ginger Lily in the Glades on a large scale. He has been experimenting throughout these years with Ginger Lily fibres from plants grown at Okeelanta and other points in south Florida. Hardy has been conducting the experiment as outlined by the Canadian and is now planting a 25 acre tract at Okeelanta as an experimental plot leading to much larger plantings if successful. Since the plant requires a rich soil and plenty of water and a year around growing season, the Everglades appears to be an ideal location An engineer will be sent down to watch this 25 acre plot for growth habits of the plant, how often it can be cut and still go on producing, water tables it will stand, insect pests and control thereof.

Present plans, provided the experimental plot is successful, and the machine for processing the fibre is perfected, call for a planting of 65,000 acres, erection of a paper mill and year around production.

Local Boy Guest At Georgia Tech

Charles R. Bamford, son of Mr. and Mrs. W. C. Bamford, a student at Darlington School for Boys in Rome, Ga., was one of the fifty outstanding high school seniors of Georgia, outside of Atlanta, who were guests of the local chapters of the Georgia Society of Professional Engineers and of Georgia Tech students Thursday afternoon, Friday and Saturday, Feb. 24-26.

Arriving on the campus Thursday afternoon, the high school students were welcomed by members of St. Patrick's Council and housed in the Georgia Tech dormitories. After dinner in Brittain Dining Hall, the boys were guests at the evening show at the Fox Theatre. All day Friday and on Saturday morning, the seniors visited the various enginering schools and departments on the Georgia Tech campus.

At the President's Luncheon on Friday noon, the boys heard a talk on engineering and its contributions to Georgia and the nation from President Blake R. Van Leer. Friday evening, the boys attended the State High School A. A. basketball tournament at the Atlanta Muniicipal Auditorium as guests of the Atlanta Chapter, G.S.P.E.

The visit to the campus was concluded on Saturday morning with talks by George C. Griffin and others and the showing of the film, "The Expanding Fronties".

Osceola News

By Ruth Griggs

Last Thursday night the Women's Craft Group which meets every Thursday evening at 7:30 p. m. had fun doing textile painting on tea towels and etching designs on trays.

Any woman in Osceola who is interested in making things is welcome to come to Craft Club. This week some will be finishing their trays while others will start painting and decorating glasses.

P.T.A. Next Tuesday Night

Tuesday evening, March 8 at 8:00 p. m. all Osceola parents are invited to come to P.T.A. Mr. Henry Earwood of the School Board will speak on the next steps in the school lunch program.

After a role playing scene, introducing the problem of Children and Allowances we will discuss that problem which probably occurs in every home.

Plans will be made for the Bake Sale to be held this month to raise money for the Encyclopedia which the school needs so much.

NEGRO NEWS

Everglades Vocational High School

N. F. A. News

A group of sixteen members of our New Farmers Of America organization, along with same number of New Homemakers Of American organization, including Mr. J. J. Holliday, N.F.A. advisor and Mrs. E. B. Moore, N.H.A. advisor and Miss Nadine Jones, Asst. N.H.A. advisor, motored by Via of School Bus last Thursday night to Tampa, Fla. for the purpose of attending the Annual N.F.A. and N.H.A. Day at the South Florida Fair that was held Friday, Feb. 11, 1955.

Three members of our N.F.A. Chapter: Willie J. Barber, David Kindall and Joseph PJerry, Jr., participated on the State Judging contest as representatives of our local chapter.

They had to judge the following exhibits: (1) Dairy Cattle, (2) A young gilt, (3) Poultry for Meat, (4) Poultry for eggs and Gen. Vegetable exhibits. The result of this contest will be made known in a few days pending arrival of the next monthly news letter coming from the State Agriculture Department.

Members of both groups were instructed to spend at least one half hour observing the many educational exhibits displayed in the fair area. Each year boys as well as girls, learn many helpful experiences from the things they see and are able to participate in.

Cavalcade A Huge Success

The E.V.H. Cavalcade was held on Feb. 15, 1955 at the Okeechobee Center Assembly Building. The theme was "Stars For A Night". This event was a huge success. There were dances, jokes and solos from various students from third through twelfth grades. Some of the stars were: Elaine Moore, William Jenkins, Hazel Lawson, Mattie Peterson, Barbara Carrigan, Mary Campbell, Mary Sanders, Edna Stinson, Dorothy Hanford, Gloria Smith, Barbara Eggleton, Sam Johnson, William Culler, Earl Shine, Sam Hamilton, Birdie Woodson, Ernestine Givens, Molena Thomas, Barbara Jernigan, Lois Vereen, Hazel Poole, Helen Rogers, Geraldine Bailey, and others. Mr. A. E. Hearst, director.

Janie Frazier, Reporter

N.H.A. News

Sixteen member of the N.H.A. along with their sponsor, and Miss Nadine Jones attended the State Fair at Tampa, Fla. on Feb. 11, 1955. Some centers of interest that the group deemed very important were the electrical exhibition showing all modern equipment for the home; the Women's exhibition; the negro exhibition; 4-H exhibition; and the Harlem in Havana Show.

The trip was both pleasurable and educational for all.

Frances Sloan Silver Tea Sunday

A Silver Tea, sponsored annually by the Rainbow Girls will be held on Sunday, March 6th, at the Woman's Club. Tea will be served from 2:00 o'clock 'til 5:00 o'clock p. m. There will be no admission, only donations. The money donated goes to the Masonic Children's Home, in St. Petersburg, Fla.

Rainbow Barn Dance

The ...annual Rainbow dance, for the purpose o fannouncing the results of the Rainbow Queen Contest, is taking place this year in the form of a "Barn Dance".

It will be held on Friday night, March 11th, at 8:30 p. m., in the high school gymnasium. The admission is thirty-five cents, hag, stag or drag, and all Rainbow Girls not attending the dance will be required to pay the admission price, anyway. Teenagers from Pahokee, and Clewiston are invited, too. In charge of decorations are Jean Johns and Janice Cole. Marybelle Schlechter will plan the refreshments, and Frances Sloan will handle publicity. Chairman of the clean-up committee is Janice Cole. Aileen Hemphill is responsible for chaperones, and Jo Margaret Parson, for entertainment.

Be sure to keep this dance in mind, because the Rainbow Girls are sure you will have a good time.

Assembly

Connie Perkins, Student Council president, opened the assembly, Tuesday morning, and the first part of the program was turned over to the F.F.A. band. The band is made up of five boys who have been working very hard and have done a wonderful job. These boys are: Jimmy Cowart, playing Spanish guitar, Billy Cowart, steele guitar, Bobby Dillow, steel guitar, Bobby Jimmerson, Spanish guitar, and Leon Warren, playing bass, and announcing the band. Some of the songs they played were: "Let Me Go Lover," "This Ole House," and "Down Yonder," and you can bet they were enjoyed by everyone.

The second part of the program was a real-life skit of the progress of science. The domonstration was sponsored by General Motors Incorporated, and Jack Baltzer, assisted by Jack Martin presented it. The skit was for the purpose of promoting interest in the field of science.

The men demonstrated such things as the phonograph, from its earliest phases up until the present time. They also showed how much more these commonplace things could progress. This skit was very entertaining as well as educational.

In closing, they stressed that the progress and the advancement of America was due to (1) competition, (2) free enterprise, (3) imagination, and (4) hard work.

Mr. Hobson made the routine announcement and advised all students and faculty to get their X-rays, as the X-ray machine was at the high school Tuesday afternoon.

Junior Red Cross

Five high school students represented Belle Glade at the County Junior Red Cross meeting, Tuesday, in Riviera Beach. The local students were: Jeanette Waddell, Leonard Higbee, Connie Pursley, Carol Goforth, and Frances Sloan, with Mrs. George Goferth furnishing the transportation.

A nominating committee was appointed for the purpose of electing next year's Junior Red Cross officers. A thank-you note was received from the U. S. Naval Hospital in Key West, thanking the Junior Red Cross for the favors recently received. The amount reported in the service fund, for the month of March was $1.129. Mr. Pringle, advisor, gave out the St. Patrick's day favors and the Easter favors. All the Junior Red Cross members were urged to think about the disaster training, which will be held sometime in April.

This month was announced as Red Cross Fund Month, in which the Red Cross makes the money to carry on next year's activities, so please be generous when the Red Cross comes to see you. Belle Glade was the only school to turn in the completed overseas gift boxes.

Judy Hodges, of Riviera Beach provided the entertainment by a tap dance. Cokes, cookies, and candy were served as refreshments.

The next meeting is to be at the Red Cross County Headquarters, on April 5.

F. H. A. Bake Sale

The Future Homemakers of America have a bake sale planned for Saturday, March 6th. The sale begins at 9:00 a. m. and will be held at the Redwing Super Market, and at the Post office. You're in for a treat — if you buy from the F.H.A. Saturday.

Glee Club News

The forty-four members of the Glee Club will make a one day trip to Miami, on March 11. They are going to participate in a District Contest. To be a part of this contest, they must be able to sight-read, which is reading music without previous practice and pieces that are unfamiliar.

All the members eligible are planning to attend, and they are using the school bus for transportation. The groups that enter the contest are allowed to be familiar with a group of music selected by the district advisors for this special occasion. Each group will also sing a special number.

NEWS OF GLADES BOYS AND GIRLS IN THE SERVICE

George King, son of Mr. and Mrs. Ed King of 536 S. E. 2nd St., Belle Glade was recently promoted to staff sargeant at Johnson Air Force Base near Tokyo.

King was stationed at Lackland Air Force Base in San Antonio, Texas, for three years prior to overseas duty. In a letter to his mother King stated he saw snow for the first time in Japan and had seen all the sights in Tokyo. He is scheduled to return to the state sometime in May.

SERVICE—WITH 1 COL CUT..

Pfc. Bennie E. Gehring, son of Mrs. Grace Smith, 156 W. Avenue A. in Belle Glade, is a clerk in the 507th Signal Service Company in Korea.

Gehring a 1952 graduate of the Crescent City High School entered the army in November 1953. He received his basic training at Camp Gordon, Ga., and visited his mother here in July before going to the Far East in July.

He recently spent a week's leave in Tokyo from his unit in Korea.

I CORPS, KOREA — Belvie I. Mobley, 21, son of Maribell J. Mobley, 125½ N. W. Avenue B, Belle Glade, Florida, was recently promoted to sergeant while assigned to I Corps in Korea.

An intensive post-truce training program is supervised by I Corps for the UN units under its control.

Sergeant Mobley, communications sergeant in Company A of the crops' 88th Infantry Battalion, arrived overseas in December 1953.

He entered the Army in June 1953 and completed basic training at Fort Jackson, S. C.

Camp Fuji, Japan — Sgt. Eugene E. Poole, 23, son of Mrs. Lizzie Carrington, Lake Park, Fla., is assigned to the 8197th Army Unit at Camp Fuji, Japan.

Poole, an assistant construction supervisor, entered the Army in March 1951 and completed basic training at Fort Riley, Kan., before arriving overseas the following August.

He wears the Combat Infantryman Badge, UN Service Ribbon and the Korean Service Ribbon with six campaign stars.

Fort Myer, Va. — Army Cpl. William L. Mullins, son of Wallace W. Mullins, Pahokee, Fla., took part in ceremonies in Washington, D. C., honoring the Republic of Haiti President, Paul Magliore, on his recent visit to the U. S.

Corporal Mullins is a member of the 3d "Old Guard" Infantry Regiment, whose duties include defending the nation's capital and escorting the President of the U. S. at official functions.

Mullins, a machine gunner in Company E, entered the Army in September 1952 and is a veteran of the Korean conflict.

SAM LOVELL TELLS

(Continued from Page One)

all program of vocational agriculture throughout the state of Florida and of his own program in relation to it. Many were interested to know more about our fine program here in the Glades. According to Mr. Lovell, the teaching program in vocational agriculture is divided into six different phases, providing a varied program to suit the interests of every boy.

Supervised farming is the most important single aspect of the program. In the local school, this phase carries about half of the weight of the course, and the boys are graded about 50% on this part of the program. Other phases which are a part of the program are: Future Farmers of America, Crop and Animal Enterprises, Conservation, Farm Mechanics, and Forestry. Of these remaining subjects, it was brought out that particular emphasis is placed upon certain ones in certain geographic locales due to the varied terrain and agricultural conditions.

In the Glades program, all of these receive attention to the greatest degree possible. Forestry is the only part of the program for which it is difficult to give practical experience in the local situation. However, this is overcome by sending several boys to a forestry camp in the northern part of the state each summer. There, they receive sample training and are able to bring back ideas in this field to the other boys at home.

The Future Farmers of America is perhaps one of the most interesting parts of the vocational agriculture program. Here, the boys get valuable training in leadership and self-direction. Contests, which are held every year, provide over thirty different fields for competition. Some of the more interesting fields are: Parliamentary Proceedure, Vocal Quartets, Harmonica Playing, Softball, String Band, Public Speaking, Arc Welding, and Dairying. These events provide valuable training for the boys which cannot be gotten in the ordinary classroom situation.

Mr. Lovell stressed several times the fact that the scope of the program prohibits it from being a one man job. He further explained this by showing the work done by outsiders and the great benefit that the program has received as a result of this work.

In practice, an Advisory Committee, made up of interested citizens, assits the program in its function. They perform much of the service which is needed for a successful program. This past year, the committee was composed of Mrs. Ruth Wedgworth, Milton Burry, Doug Thompson, J. W. Norris, Frank Dooley, Frank Anderson, Walter Schlechter, and Buster Ingram.

This year Dale Ellis, Paul Kirchman, and Donald Kirchman have replaced Frank Dooley, Walter Schlechter, and Buster Ingram. This committee has assisted in many ways. They have helped to judge projects, provided machinery and assistance in leveling the land on the sixty acre school farm, and helped to divide into blocks and set up drainage on the once poorly drained school farm.

Mr. Lovell spoke of his hopes to spur the cattle phase of his program by obtaining a small tract of land in town where the boys could groom and care for animals without transportation. This has apparently been a handicap for many of the boys in the program in the past.

Student To Compete For Scholarship

George C. Goforth, Jr., has entered competition for one of the University Scholarships offered by Stetson University for the first four years beginning in September, according to J. Blanford Taylor, director of Stetson News Bureau.

George is the son of Mr. and Mrs. George Goforth on East Palm Beach Road.

Valued at $450 a year the scholarships are renewable each semester. Those competing will be invited to the campus for Scholarship Day on March 19. Catalogues for both the summer sessions and the 1955-'56 colleg year are now available on request.

PUBLIC NOTICE
REQUEST FOR BIDS FOR ONE TRASH AND GARBAGE TRUCK BODY WITH HOIST

The City of Belle Glade, Florida, requests bids for one trash and garbage truck body with hoist to the following specifications:

1. Scow type body fifteen (15) feet in length with sides forty-eight (48) inches high.
2. Side plates not less than ten (10) gage or three-sixteenth (3/16) inch in thickness.
3. Bottom plate not less than one-quarter (¼) inch in thickness.
4. Bed supports, uprights and other members to be of sufficient size and number to provide support enough to maintain body shape within reasonable limits.
5. Top edge of body to be reinforced all around.
6. Two swinging side doors eighteen (18) inches high by forty (40) inches long locat;ed one on each side of body.
7. Two ridingsteps and hand hold brackets to be located at rear one on each side.
8. Body to be mounted with 7 OLHS Super Low Mount Hoist or equivalent, and mounting height to be nine (9) inches.

Bids will be received in the office of the City Clerk until 5:00 p. m. March 9, 1955.

The City reserves the right to accept or reject any or all bids.

FACTS ABOUT LOSS

(Continued from Page One)

very, it has been found that the average loss in each year is approximately one and one-quarter inches of elevation. Originally, the region near the lake contained soils from twelve to fourteen feet deep. In less than 50 years, due to drainage, some 40 percent, by volume of the be'ter agricultural soils in the upper Everglades has been lost. Furthermore, along the fringes of the original Everglades, the organic soils have completely disappeared, leaving the bare underlying material of sand, marl, or limestone exposed.

According to Mr. Stephens, these losses have been brought about by several factors resulting from the drainage of the 'Glades. Initially, loss in elevation is caused by the soils settling after the water has been removed. This does not effect actual loss of soil even though the level is lowered. Other causes are: compaction from farming the soil, erosion from wind, loss from fires, and a slow burning away of the soil or "oxidation," caused by organisms which attack the soil when the moisture content is not too great or too small. Of these various causes, it is probably the latter which actually causes the greatest loss of our soils.

The Everglades, which is the largest continuous body of organic soil in the world, has lost approximately 900,000,000 tons of soil in fifty years. That is enough soil to fully load 13,000 gondola cars to make up a train 110 miles long. According to charts which Mr. Stephens showed, upon which were projected what the 'Glades will look like by the year 2000 if processes which are now going on continue, the Upper Everglades will be utterly useless for any type of cultivation in about 50 years. At that time, the soil level will have reached bed rock and will not be deep enough to be of any practical use in farming.

In answer to this situation, Dr. Stephens issued a challenge to all of us. Can anything be done to stop this great waste of the world's richest farm lands? Yes, it can. The hurried completion of the Flood Control Project can go a long way in correcting this situation by raising water tables to a level that will discourage attack by these organisms which cannot live without great amounts of oxygen. Get lands which are now idle and under semi-drainage into use. This too, can largely be effected by completion of the Flood Control Plan. Appropriate money for basic research in micro-biology in an effort to find out more about these microbes which attact the soil. Cultivate crops which will tolerate a high water table such as rice. Much research is now going on in that field.

In conclusion, Mr. Stephens emphasized the need to put a hasty stop to this great waste of rich soil. Merely putting some parts of it under water will not serve to remanufacture these losses in any short period of time. A comparison can be drawn to cutting a huge oak tree. It can be destroyed in a matter of minutes, but it takes many years to replace it. Thus, it is estimate that it would take around 400 years to remanufacture one foot of the soil which has been wasted.

News Of First Baptist Church Of Belle Glade

Pastor's Report: The Pastor has returned from the New Orleans Baptist Theological Seminary and the Southwestern Theological Seminary in Fort Worth, and made his report Wednesday night to the committee concerning the coming of a Music and Educational Director.

Revival Dates: Dr. Malcolm Knight of Jacksonville, Florida will be the speaker for our revival March 20 through the 30 and Hansford Dicken will lead our song service.

Teachers' Supper: Last Monday night the Primary Department of the Sunday School, with the Sunday School Superintendent and the Pastor met for dinner and made definite plans for the coming revival. This was indeed a valuable meeting. Next Monday night the Beginner Department and the Nursery Department and teachers will have a dinner at 7:30.

Royal Ambassador Boys Rank Page: Five of the R. A. boys, under the leadership of Mrs. W. E. Schlechter, has reached the rank of Page in the R. A. The five who have reached this rank are: Richard Barrett, Jack McCaskill, Gary Norman, Alvin Schlechter and Bobby Thomas.

Many of the R. A. boys plan to go to the Royal Ambassador Congress which will meet at the First Baptist Church at St. Petersburg, April 15-17.

Women's Missionary Union Observed Week Of Prayer: February 28 through March 4, the Women's Missionary Union observed the Annie Armstrong Week of Prawer for Home Missions. Tuesday night each of the three circles, Hannah Scoggins, Illa Darden and Gladys Smith at their regular meetings, had their week of prayer program.

Wednesday night the General W.M.U. was in charge of the Prayer Meeting. With various members participating, a very informative and inspiring program was given with the theme "Claiming Youth for the King."

Friday night, at the church, they will again present a week of prayer program entitled "Trophies of Grace".

Latter Day Saints Hear Guest Speakers

Out of town guest speakers at the Church of Latter Day Saints Sunday night were Sam Chew and Robert Kelvington of Fort Pierce. They were accompanied by Juanita and Marie Kelvington.

The Union Meeting at Fort Lauderdale Sunday was attended by Mr. and Mrs. Julius Herring, Mr. and Mrs. W. C. Byrd, Melvin Herring, Mrs. Hattie White and Mrs. Bonnie Williams from the Glades LDS Church.

The Woman's Relief Society will be in charge of the evening services at the LDS Church Sunday, March 6 when the topic will be, "The Place of the Family Unit in the Plan of Salvation".

Presbyterian Circles Name Month's Project

Circle 1 of the Everglades Presbyterian Church met at the home of Mrs. R. S. Cox Tuesday night, March 1 at 8 p. m., with Mrs. David Motes presiding. The devotional "The Loveliness of Love" was given by Mrs. Motes.

Mrs. Tommy Parker gave the Bible Study "Faith as an Adventure" and the conservation period on "Evangelism" was given by Mrs. R. S. Cox.

The group voted to take as a project, the nursery room in the Sunday school which will be redecorated.

Others present were Mrs. Sam Crissman, Mrs. Al Cumpton, Mrs. Helen Moses and Mrs. Edward Motes.

Circle 2 met at the home of Mrs. W. F. Knight with Mrs. Lois Ruff presiding at the business meeting.

Mrs. Hagan Powell gave a report on the project of last month and suggested the group help a needy family in the camp for this month's project, which the membership agreed upon.

Mrs. Powell was in charge of the program and Mrs. Gene Beck gave the conservation period. Others present were Mrs. Ted Powell, Mrs. John Kinlaw, Mrs. W. F. Wood, Mrs. Lois Ruff, Mrs. Sterling Booth and Mrs. Elglee Johnson.

Circle No. 3 met at the home of Mrs. W. K. Whitlock Tuesday morning with the devotional given by Mrs. Whitlock.

The group voted to send $25 to India to establish a library in one of its villages. The Bible study was given by Mrs. John Randolph and the conversation period by Mrs. Irvin Zumpf.

Others attending were Mrs. Betty Lutz, Mrs. Helen Crider, Mrs. I. L. Price, Mrs. Clara Gledhill, Mrs. Guy Bender and Mrs. Ruth Barron.

YOU NEED YOUR CHURCH YOUR CHURCH NEEDS YOU . . .

Friendship Class To Decorate And Equip New Nursery

The Friendship Class of the Community Methodist Church met at the home of Mr. and Mrs. Robert Abel Tuesday evening for a wiener roast which preceeded the business meeting.

The group voted to decorate and equip the infant nursery in the new church, to be completed before Palm Sunday.

Plans were made to attend the Black Hills Passion Play at Lake Wales as a class before Easter.

Present were Mrs. Warren Battle, Mr. and Mrs. Joe Cocke, and daughters, the Rev. and Mrs. H. E. Garrett and son, Dr. and Mrs. Clarence Kidder, Mr. and Mrs. George LeGost, Dr. Charles Ozaki, Mrs. J. E. Williams, Mrs. Ray Roth, Mrs. Floyd Rider, John Gibson, Miss Dorothy Kidder and Miss Donna Chapman was a visitor.

Adventists Service Held In Canal Point

Members of the Seventh Day Adventist Church are conducting their regular Sunday School and morning church service at the Community Center Building in Canal Point, each Saturday with Mr. Walter Wright, pastor, in charge.

Work has begun on the new Seventh Day Adventist Church in the Sylda Heights area and until it is completed services will be held in Canal Point.

Mrs. Easter Erickson, division leader in the church has returned from Lakeland where she attended a workshop last Sunday through Thursday.

Boys Hold Three Highest Honors

"Learning About God From Jesus," theme for the month in the Junior Department of Sunday School in the First Baptist Church was concluded with a program on "He is Kind to all People". During the month Juniors learned through the Scripture of John 14:8-9 that God is like His Son, Jesus; they also learned through Scriptures that He wants all people to have enough food. He is pleased when people are well and strong, that He is kind to all people, and He is pleased when one follows His example in these things.

Linda Evans furnished early morning music; Susan Clark was pianist for the devotional program. Jay Brown, Bobby Thomas, Gary Norman and Linda Evans told of times when Jesus was kind to people who wanted to harm Him. A special duet was rendered by Carolyn Markham and Linda Evens accompanied by Susan Clark on the piano. Bobby Thomas was usher for the morning.

Two visitors welcomed into the department were Virginia Gee and Shirley Malloy. These girls visited the class of Mrs. Letha Rice's 11 year girls.

The three highest honors for class grades went to the boys in the department. Mr. Jack Little's class of 11 year boys rated first with a grade of 83 and 8 boys were present out of 10 enrolled. Second rating went to the class of Mr. Vernon Jones' 12 year boys with 9 boys present out of 10 enrolled. Third was Mr. McAllister's 9 year boys with 4 boys present out of 6 enrolled. The grade is determined from 6 requirements and not just attendance.

Programs for the coming month will be based on the study of Missions.

Read I Corinthians 3:6-11.

We are labourers together with God. (I Corinthians 3:9.)

What striking words: laborers, together, with God! Christ came, "the universal servant in the world's house." His life motto "My Father worketh hitherto, and I work." And just before He went back to the Father, He said, "As my Father hath sent me, even so send I you," to be workers, laborers, doers.

The field is great. "God so loved the world." That takes in Boston as well as Berlin; Athens as well as Atlanta; Toledo as well as Tokyo; Shanghai as well as Chicago; Los Angeles as well as Leningrad.

The need is as great as the field. Millions are crying, "Come over and help us." Christ's words are ringing in every Christian's ears, "Go ye into all the world, and preach the gospel to every creature." If all become laborers together, the great need can be met.

Christ counts on us, everyone from the youngest to the oldest. When twelve years old, He said, "Wist ye not that I must be about my Father's business?" Christ expects us to love the world. He so loved that He gave Himself, His all. What are we giving?

PRAYER

O Thou great Lover of all men, help us so to love and live and labor that persons everywhere may become lovers of Thine. Help us to serve the present age with all the power at our command; through Jesus Christ our Lord, and for His sake. Amen.

THOUGHT FOR THE DAY

Unless we dedicate ourselves to God, we cannot do His will.

Elmer Ellsworth Helms (California)

Father Petrie To Talk On God The Head Of Christ

"Current weasel wording," is the way Father John Clarence Petrie will describe some modern liberal attempts to water down the Church's teaching that Jesus is God. It will be the second of his series of Lenten Sunday morning sermons before the congregation of St. John the Apostle Episcopal Church which holds 9 a. m. service in the Woman's Club.

At 7:30 p. m. the congregation will meet at the home of E. S. Roberts, Osceola Center to hear a lantern slide talk on the Sacrament of Penance. Both morning sermons at the Woman's Club and the evening talks in the home of members are open to the general public who may be interested in learning what the Episcopal Church teaches.

Last Sunday morning Father Petrie explained that the existence of God does not rest on faith alone but may be demonstrated from reason as St. Paul stated in Roman 1:20. But divine revelation goes on to tell us much about God, we could not know otherwise. Even so, ful knowledge of God up to our capacity will not be ours unless we are saved and see God face to face in heaven. The little we know is enough to make us want to enjoy the infinite Beauty of God which we see now "darkly, as in a mirror."

Freedom Is Where You Are

FREEDOM! How our hearts stir at the word! We are grateful for our political freedom, which has been won and maintained only through great sacrifice. And we look forward hopefully to that day when men in all nations will enjoy such freedom.

Yet political freedom does not insure the complete freedom for which all men yearn. One may be a citizen of a country whose laws are exemplary, and yet he himself may be in bondage to enslaving appetites or seemingly hopeless illness. Conversely, one may be a citizen of a country whose laws are the most tyrannical, while he himself rejoices in satisfying freedom from carnal instincts and ills of the flesh. Freedom in its truest sense can be our Just where we are, wherever that may be.

Who was the freest man that ever lived? Surely it was Christ Jesus, for he not only fully demonstrated freedom from all evil for himself, but he also helped others attain a measure of that freedom. Jesus proved man's Godgiven dominion over all the earth. He walked on the water, stilled the tumultuous sea, fed a multitude with a few loaves and fishes, and went unharmed through a crowd bent on his destruction. Best of all, he brought freedom to those in bondage to sickness and sin, and he proved for himself and others the dominion of Life over death.

Here was freedom manifested in all its healing liberating majesty. Yet Jesus was a citizen of a country ruled by despotic laws. How did he prove such complete freedom even in the midst of a land seething with resentment at the tyranny that oppressed it? Here is his own explanation (John 8:31, 32, 36): "If ye continue in my word, then are ye my disciples indeed; and ye shall know the truth, and the truth shall make you free. . . . If the Son therefore shall make you free, ye shall be free indeed."

We need not feel that those in lands now governed by oppressive laws can know nothing of true liberty. Instead, through spiritually scientific thinking, or prayer, we can help all men ever-present freedom. For freedom is not something outside one's ever-present freedom. For freedom is ont something outside one's own consciousness. Freedom is within. Freedom is where you are.—The Christian Science Monitor.
